

Rupert's Land Stewards

Rupert's Land Stewards, formerly the Stewardship Council, is a hub for resources and ideas, and as a communications platform for Stewards of the Diocese of Rupert's Land. We are linked to the Manitoba Northern Ontario (MNO) Synod of the Evangelical Lutheran Church in Canada (ELCIC).

Our purpose is to promote an environment in which Stewards may live, function and grow in mission and ministry; and in an environment of God's abundance and generosity.

All of us are called to be stewards of what God has entrusted to us. Stewards engage in conversations about wealth and poverty, usage of our physical resources to maximise an impact of mission and ministry, and what we expect of one another to get on with God's work.

Here you shall find links to websites dealing with money and other physical resources, Missional Church, and healthy and vital congregations. There are, (or will be), dedicated pages here that offer resources, comments and current discussions for our diocese, and most importantly stories that speak about God's abundance and activity in the world today.
