

THE GOOD NEWS

NOW

EVOLVING WITH THE
GOSPEL OF

JESUS

Be a part of the conversation!

Trinity Institute's 43rd National Theological Conference will take up the challenge of telling the story of Jesus today. The purposes of this year's conference are:

- To equip clergy and lay leaders to participate consciously, creatively, and faithfully in the ongoing evolution of the Christian faith
- To gather and give voice to a diverse group of leading scholars and practitioners who are wrestling with how historic tenets of the faith address current realities
- To discover fresh, compelling ways to speak the age-old story
